

**16th- 17th June 2021**

# **POST EVENT REPORT**

**LAGOS HEALTH**  
**S U M M I T**

**STRENGTHENING HEALTHCARE  
SYSTEMS WITH TECHNOLOGY**

**Muson Center, Lagos, Nigeria**

## THANK YOU FOR ATTENDING

We appreciate your participation and valuable contribution to the success of our strategic conference and exhibition.

One of the aims of the summit is to provide practical solutions to shared challenges facing use of technology to improve health outcomes, as such we will continue to engage relevant authorities on the efficient implementation of the actionable strategies that we have adopted.

We look forward to hosting you to another exciting conference which will offer idea exchange, networking and brand promotion opportunities while contributing to the development of our health sector.

## EXCERPTS FROM THE EVENT

"The MomCare app takes antenatal care and delivery data and uses it to help providers and payers make adequate decisions for the care of the mother and child."

**Dr Ademola Serrano, Innovations Head, PharmAccess Foundation**

"The state has commissioned maternal and child healthcare in Ikorodu, Badagry, Epe and Eti-osa with technology been used to provide an enabling environment for efficient use of resources to provide quality healthcare services."

**Dr Oreoluwa Finnih  
(SSA to the Lagos State Governor on Health)**

"Technology is a powerful tool that can be leveraged on to address the perennial challenge of maternal mortality in Nigeria."

**Iyadunni Olabode  
Nigeria Director of MSD for Mothers**

"Digital health solutions like mDoc, the online directory, reduces cost of care for women, provides knowledge on where to seek care, and augments physical care by providing an integrated approach to accessing better quality care."

**Dr. Kendra Njoku  
Quality Lead mDoc**

"Young people are spending less time on traditional media. To address this demographic with healthcare information, you must reach them where they are, and in the format they relate to the most."

**Dr Chinonso Egemba  
(Aproko Doctor)**

"We should start exploring the use of drones to help mitigate the complexities facing supply chain in healthcare."

**Oghenetega Iortim  
CEO, Grid Integrated Services**

"The government should provide support and collaborate with the private sector in providing quality healthcare services to the populace."

**Kehinde Oyesiku  
Business Development Executive,  
Evercare Hospital Lekki**

AellaApp is promoting financial inclusion, providing health insurance for the populace both the unbanked and underbanked.

**Anu Owolabi  
Business Development Lead,  
AellaApp**

"We need to change our ideology about healthcare, at Total Health Trust we believe in getting Nigerians healthier by providing continuous health education to help shape their lifestyle and behavior."

**Dr Ogunkoya Oluwatimilehin  
Wellness Manager Total Health Trust**

## EXCERPTS FROM THE EVENT

"There are a lot of conditions that are bundled together due to our inability to separate them but AI through telemedicine presents us with opportunities that can help us"

**Dr Debo Odulana**  
CEO, Doctoora

"Telemedicine isn't just about the patients initiating the call, it can also be used to monitor patients just like during the Covid pandemic"

**Mrs Adetoro Tayo-Adetoro**  
M & E Manager, LASHMA

"Deliveries have been managed on tremendoc through telemedicine'. 'Wearable devices have been adopted by Tremendoc to help monitor vitals"

**Charlotte Odunlade-Akeju**  
Tremendoc

"NITDA has provided policies to help guide data protection for HealthTech firms and it's important they understand and adhere to the policy."

**Kayode Olude**  
Associate, Perchstone&Graeys LP

"AI will help us prevent preventive diseases where when we want to die, we can die natural deaths not due to preventable diseases."

**Mr Peter Osuji**  
Head, IT, Evercare Hospital Lekki

"Adoption is about change, Telemedicine is not replacing the traditional medicine. Telemedicine helps to augment services we have on ground already."

**Dr Debo Odulana**  
CEO, Doctoora

"Concerning Ethical Dilemmas, data protection is really important and regulations can help."

**Mrs Adetoro Tayo-Adetoro**  
M & E Manager, LASHMA

"Tremendoc is in partnership with state governments to help drive healthcare in rural areas."

**Charlotte Odunlade-Akeju**  
Tremendoc

"AI opportunities is massive Connected systems through predictive analysis can help in analysis of possible diseases."

**Mr Peter Osuji**
